

# PRIVACY POLICY

**1.**

## **WE DO NOT NEED TO ACCESS YOUR SMARTPHONE SOFTWARE COMPONENT**

Our job only requires a hardware fix; smartphone hardware is the component that can be seen, touch, and felt such as; screen, battery, camera board, etc., on the other hand, smartphone software is the component that can only be seen, can't be touch or felt. With all that being said, we do not need your password or need any form of access to your smartphone device in order to get our job done.

**2**

## **BANK AND DEBIT CARD USAGE ON OUR PLATFORM**

We do not keep any record of your bank or debit card information on our platform. Your bank or debit card info is highly confidential via our partner's payment processing platform.

**3**

## **WE DO NOT SELL YOUR INFORMATION IN ANY WAY.**

Yes! We are labor-free smartphones repairing company. But we take your basic information seriously and confidentially. So, we do not by any means sell your personal information out.

**4**

## **DELETION OF ADDRESSES AND OTHER PERSONAL INFORMATION**

All of your basic information (Home address, office address, mobile number, email and others) input on our website will be deleted automatically after the completion of your smartphone repair. Meanwhile, if you subscribed to our newsletter then we will require a few basic information from you to securely serve you right.

**05**

## **SAFETY OF YOUR SMARTPHONE DEVICES**

We will be taking a full custody of your smartphone safety after we received it for a repair
